Metadata Field	Data Type	Definition
_meta		Metadata about the query
score	number	Relevancy ranking
highlight	boolean	Highlighter
stats		Stats about the API query
maxScore	number	Relevancy ranking
took	number	Amount of milliseconds the API query took
total	number	Total number of records matching the query
estimate	boolean	Indicates if the Total number is an estimate
abstract	string	Abstract; A concise, accurate summary of the content of the document
authorAffiliations		Author and Affiliation Information
sequence	number	Sequential indicator of author in author list
primary	boolean	Indicates if this person is the Primary Author for this STI
userType	stringEnum	CONTRACTOR_GRANTEE, CIVIL]
meta		
author		Author Information
name	string	Author Name
orcidId	string	Author ORCID
organization		Author Affiliation Information
name	string	Name of Affiliation/Employer
location	string	Location of Affiliation/Employer
created	string	Date the controlled entry for Author was created
modified	string	Date the controlled entry for Author was modified
center		NASA Center where the record is originated
id	string	NASA Center identifier
name	string	NASA Center full name; See Domain Values

code	string	NASA Center code; See Domain Values
created	string	Date the controlled entry for Center was created
modified	string	Date the controlled entry for Center was modified
copyright		Copyright information
containsIndication	boolean	Indicates whether this document contains copyright markings
belongsToPublisher	boolean	Indicates whether the copyright belongs to a publisher
publisherPermissionOrRightsToDistribute	boolean	Indicates whether there is permission from the publisher to distribute copyrighted material
belongsToContractor	boolean	Indicates whether the copyright belongs to a contractor
disclosedInvention	boolean	Indicates whether an Invention is disclosed in the document
disclosedToPublic	boolean	Indicates whether Invention information has been disclosed to the public
ntrNumber	string	NTR Number if applicable
thirdPartyPermissionsProduced	boolean	Indicates if permissions have been received for STI containing third party material
determinationType	stringEnum	Copyright determination; [NO_PERMISSION, MAY_INCLUDE_COPYRIGHT_MATERIAL, GOV_PERMITTED, GOV_PUBLIC_USE_PERMITTED, PUBLIC_USE_PERMITTED, OTHER]
licenseType	stringEnum	Creative Commons License; [NO, OPEN_ACCESS, CCBY, CCBYSA, CCBYND, CCBYNC, CCBYNCSA, CCBYNCND]
containsThirdPartyMaterial	boolean	Indicates whether the STI contains third party material
thirdPartyLocationComments	string	Location of third party content in the contents of the document
patent	string	Patent number if applicable
patentApplication	string	Patent Application number if applicable
approverComments	string	Approver comments
thirdPartyContentConditionOther	string	Third Party Content Condition statement (when 'Other')
thirdPartyContentCondition	stringEnum	Third Party Content Condition statement; [NOT_SET, ISSUE_RESOLVED, COUNSEL ADVISED, THIRD_PARTY_CONTENT_CONDITION_OTHER]
created	string	Date the record was created
curatedDate	string	Date the record was curated for release to the repository
disseminated	stringEnum	Indicates whether the metadata and/or the document has been released to the NASA STI Repository; [METADATA_ONLY, DOCUMENT_AND_METADATA]
distribution	stringEnum	Distribution audience; [PUBLIC]
distributionDate	string	Date of online release to the repository
downloads		Information about STI document(s) for download
draft	boolean	Indicates if the document is a draft
links		Links to the document for download; use https://ntrs.nasa.gov/ as the base of the url
original	string	url to original document
pdf	string	url to converted pdf document
fulltext	string	url to converted txt document
mimetype	string	Format of document upload
name	string	Name of document upload
notes	string	Additional curation notes about the document upload

type	stringEnum	Type of document uploaded; All citations will indicate "STI" or "ABSTRACT"
downloadsAvailable	boolean	Indication whether an STI document is available for download
exportControl		Export Control information; All publicly available citations will always indicate no Export Control information
itar	stringEnum	Indicator of ITAR protected information
category	number	Category of ITAR
ear	stringEnum	Indicator of EAR protected information
eccnNumber	string	ECCN Number
categoryNotes	string	Additional Export Control Category notes
fundingNumbers		Funding information
number	string	A number that identifies the type of financial support applied to the work reported
type	stringEnum	The type of financial support applied to the work reported; [CONTRACT_GRANT, WBS, PROJECT, TASK, WORK_UNIT, INTERAGENCY, OTHER]
id	number	Document ID; A unique 11-digit number assigned to a record
isLessonsLearned	boolean	Indicates whether the STI contains potential Lessons Learned
keywords	string	Keyword terms assigned to the STI; Index terms that are not contained in a subject thesaurus or constructed by standard subject heading/thesaurus-building conventions.
meetings		Meeting Information associated with the document
name	string	The title of the meeting; may include a secondary title, the name of the track, section or other group of sessions.
location	string	The city, state or province location of the meeting
country	string	The country where the meeting was held.
nctsn	string	The tracking number assigned to the Conference in the NASA Conference Tracking System
url	string	URL of meeting
startDate	string	Start Date of meeting
endDate	string	End Date of meeting
sponsors		Meeting sponsorship information
meta		
organization		
name	string	Name of meeting sponsor (organization)
location	string	Location where sponsor is headquartered
modified	string	Date the record was modified
onlyAbstract	boolean	Indicates whether the record includes only an abstract in the associated document
otherReportNumbers	string	Any other/additional report numbers associated with the document
publications		Source Publications associated with the document
publisher	string	Publisher
publicationName	string	The title of the source publication
volume	string	Volume number of the source publication
issue	string	Issue number of source publication
publicationDate	string	Date of publication

issuePublicationDate	string	Publication date of the source publication issue
doi	string	DOI
url	string	URL
issn	string	ISSN
eissn	string	E-ISSN
isbn	string	ISBN
eisbn	string	E-ISBN
redistributedDate	string	Date the record was redistributed
related		Relationship information of the current document to another document
type	stringEnum	The relationship of the current document to another document. ; [NONE, ANALYTIC_PRIMARY, ANALYTIC_SUBSIDIARY, REPRINT, REVISION, SEE_ALSO, SUPERSEDES, SUPPLEMENT_TO]
stiType	string	Term describing the nature of the related document; See Domain Values
disseminated	stringEnum	Indicates the dissemination of the related document - whether the metadata and/or the document has been released to the NASA STI Repository; [METADATA_ONLY, DOCUMENT_AND_METADATA]
distribution	stringEnum	Distribution audience of the related document; [PUBLIC]
status	stringEnum	Status of the related record in the NF-1676 process; All publicly available citations will indicate "CURATED" - This STI has completed the NF-1676 process and the record has been curated for online release.
id	number	Document ID of related document
accessionNumber	string	Accession number of related STI
title	string	Title of another document related to the current document.
sensitiveInformation	stringEnum	Category of sensitive information; All publicly available citations will always indicate "2" for [NONE].
sourceIdentifiers		Any additional/supplemental Identifier information
number	string	Identifier Value
type	string	Identifier Type; [DOI, URL, HANDLE]
descriptor	string	Description of identifier
status	stringEnum	Status of record in the NF-1676 process; All publicly available citations will indicate "CURATED" - This STI has completed the NF-1676 process and the record has been curated for online release.
stiType	stringEnum	Term describing the nature of the document; See Domain Values
stiTypeDetails		Additional details for records that are STI Type: Other
type	string	
publicationDate	string	
additionalInformation	string	
subjectCategories	string	NASA Subject Categories assigned to the document
submittedDate	string	Date the record was submitted to the NASA STI Program for processing
technicalReviewType	stringEnum	The type of Technical Review performed on the STI; [NOT_SET, TECHNICAL_REVIEW_TYPE_NONE, SINGLE_EXPERT, NASA_PEER_COMMITTEE, EXTERNAL_PEER_COMMITTEE, NASA_TECHNICAL_MANAGEMENT, PROFESSIONAL_REVIEW, OMB_REVIEW]
title	string	Title of the document
